

I am writing to you in support of keeping K-Love available to all areas. This radio station has provided a very positive message to many people around the country. It's one of a few radio stations available where people don't have to worry about what their children are listening to. I strongly feel that if this radio station were to be eliminated, the positive messages it provides will not be available to our children and many adults who listen in order to hear positive messages. For my own personal view, I depend on K-Love the thoughts and insight it provides to me every day. It helps me to put my days in perspective and helps give me peace after a long day. I am pleading with you. Please do not take my radio station away from me. I wish I can put into words how important it is to me and my family.
